Regulation 12 of the Building Regulations 2010 (As Amended) giving of a building notice or deposit of plans.

- I. Subject to the following provisions of this regulation, a person who intends to carry out building work or to make a material change of use shall:
  - a) give to the local authority a building notice in accordance with regulation 13; or
  - b) deposit full plans with the local authority in accordance with regulation 14.
  - c) A person shall deposit full plans where he intends to carry out building work in relation to which paragraph H4 of schedule 1 imposes a requirement.
2. A person shall deposit full plans where he intends to carry out building work in relation to a building put or intended to be put to a use which is designated use for the purposes of the Regulatory Reform (Fire Safety) Order 2005.

3. A person who intends to carry out building work consisting only of the installation of a heat producing gas appliance is not required to give a building notice or deposit full plans if the appliance is to be installed by a person, or an employee of a person, approved in accordance with regulation 3 of the Gas Safety (Installation and Use) Regulations 1988 and is a Gas Safe Registered installer.

**Regulation 13 Includes the following:**

1. In the case of the erection or extension of a building, a building notice shall be accompanied by
  - a) a plan to a scale of not less than 1:1250 showing:
    - I. the size and position of the building, or the building as extended, and its relationship to adjoining boundaries;
    - II. the boundaries of the curtilage of the building, or the building as extended, and the size, position and use of every other building or proposed building within that curtilage;
    - III. the width and position of any street on or within the boundaries of the curtilage of the building or the building as extended;

- b) a statement specifying the number of storeys (each basement level being counted as one storey), in the building to which the proposal relates; and
  - c) particulars of
    - I. the provision to be made for the drainage of the building or extension:
    - II. the steps to be taken to comply with any local enactment which applies.
2. In the case of building work which involves the insertion of insulating material into the cavity walls of a building, a building notice shall be accompanied by a statement as to:
- a) the name and type of insulating material to be used;
  - b) whether or not the insulating material is approved by the British Board of Agreement or conforms to a British Standard specification; the name of any European Technical Approval issuing body which has approved the insulating material;
  - c) whether or not the installer is a person who is the subject of a British Standards Institution Certificate of Registration or has been approved by the British Board of Agreement for the insertion of that material.
3. Where building work involves the provision of a hot water storage system in relation to which paragraph G3 in Schedule I (hot water storage) imposes a requirement, a building notice shall be accompanied by a statement which specifies:
- a) the name, make, model and type of hot water storage system to be installed;
  - b) the name of the body, if any, which has approved or certified that the system is capable of performing in a way which satisfies the requirements of paragraph G3 of Schedule I;
  - c) the name of the body, if any, which has issued any current registered operative identity card to the installer or proposed installer of the system.
- b) at least two days have elapsed since the end of the day on which he gave the notice.
- 2 A person carrying out building work shall not:
- a) cover up any excavation for a foundation, any excavation, any damp proof course, or any concrete, or other material laid over a site; or
  - b) cover up in any way any drain or sewer to which these Regulations apply unless he gives the local authority notice that he intends to commence that work, and at least one day has elapsed since the end of the day on which he gave the notice.
- 3 A person who has laid, haunched or covered any drain or sewer in respect of which Part H of Schedule I (drainage and waste disposal) imposes a requirement shall give notice to that effect to the local authority not more than five days after the completion of the work.
- 4 A person carrying out building work shall, not more than five days after that work has been completed, give the local authority notice to that effect.
- 5 Where a building is being erected, and that building (or any part of it) is to be occupied before completion, the person carrying out that work shall give the local authority at least five days notice before the building or any part of it is occupied.
- 6 Where a person fails to comply with paragraphs (1) to (3) they shall comply within a reasonable time with any notice given by the local authority requiring them to cut into, lay open or pull down so much of the work as prevents them from ascertaining whether these regulations have been complied with.

**The Building (Local Authority Charges) Regulation 2010 (As Amended).**

- 1 A building notice shall not be treated as given in accordance with the Principal Regulations unless the local authority have received any building notice charge payable in respect of that notice, and, where regulation 24 applies, that regulation has been complied with.

**Regulation I6 includes the following:**

Notice of commencement and completion of certain stages of work

- 1 A person who proposes to carry out building work shall not commence that work unless:
  - a) he has given the local authority notice that he intends to commence work; and
